

GFWC St. Petersburg Woman's Club
Since 1913

The club started in 1913 with 14 chartered members joining the Florida Federation of Women's Club. In 1924 they joined the General Federation of Women's Club - the largest world-wide women's volunteer organization.

In November of 1928, Mr. C. Perry Snell made a GIFT offer of land on Snell Isle. By May of 1929 , club members began the process of building their clubhouse. In November 1929, the Clubhouse was dedicated.

Today, the Club is still enjoyed by the women of St. Petersburg. Besides the community service the Club members give, there are many opportunities to get involved in social activities and to meet people.
